REX HOLLOWAY JOINS MISSION CRITICAL PARTNERS, INC.

**Emergency Communication Professional Brings Vast Emergency Communications and
Next Generation 9-1-1 (NG9-1-1) Experience**

STATE COLLEGE, PA, January 3, 2012 — Mission Critical Partners, Inc. (MCP), an innovative leader in mission critical and life safety communications, is pleased to announce Rex Holloway as Senior Technology Consultant. As a member of the MCP team, Rex will provide executive consultative services to our clients that focus on emergency communications, NG9-1-1, and telecommunication solutions.

Prior to joining MCP, Rex served as Director of 9-1-1 Technology for the Tennessee Emergency Communications Board. He has been a strong advocate for public safety by dedicating over 35 years of emergency communications consulting and leadership experience with state-based agencies and other government entities. As a liaison to the multiple state entities, Rex has been responsible for overseeing the design and construction of Tennessee's NG9-1-1 system. Through his direction of numerous wireline, wireless and VoIP providers, he has helped implement NG9-1-1 for Tennessee and connect over 160 PSAPs in 95 counties. With Rex's dedication to success, Tennessee is recognized as the third state in the nation to reach deployment of wireless Phase 2 and VoIP 9-1-1. David Jones, Vice President, says "Rex's professionalism and high-level emergency communications expertise will assure MCP's clients continued success in the public safety communications field."

MCP provides innovative consultative services for life safety and mission critical systems throughout North America. With a staff of over 35, MCP's team includes former public safety managers, project management

professionals, emergency number professionals and technology, forensic and policy specialists. MCP's service areas include: Executive Consulting/Master Planning; NG9-1-1; Facility/Technology Integration; Broadband Deployment; Consolidation Services; Emergency Management Communications; Land Mobile Radio; and Forensics/Systems Analysis. Headquartered in State College, PA, MCP maintains satellite offices in Harrisburg, PA, Pittsburgh, PA and Southlake, TX. Additional MCP information is available at www.mcp911.com.
