**Mission Critical Partners Selected in York County, South Carolina Next Generation 9-1-1 Project**

**STATE COLLEGE, PA**— Mission Critical Partners (MCP) will work with York County Public Safety Communications/9-1-1, South Carolina to provide a Next Generation 9-1-1(NG9-1-1) requirements definition and assessment.

Focusing on the County's current operations environment and systems configuration that support their emergency call delivery requirements, MCP's proposal includes the delivery of a NG9-1-1 requirements report and recommendations based on the results of the assessment. From a network standpoint, MCP will evaluate the required interfaces and bandwidth needed to support current and future needs of the County and their Public Safety Answering Point (PSAP) NG call delivery requirements.

Mission Critical Partners, Inc. (MCP) is committed to delivering top quality technical and operational consulting services to mission critical clients throughout North America. MCP's mission is to support life safety communications clients through improved policy, systems and processes. MCP's team includes former public safety managers, project management professionals (PMPs), emergency number professionals (ENPs) and technology, forensic and policy specialists. MCP service areas include: Executive Consulting/Master Planning; NG9-1-1 Services; Facility/Technology Integration; Broadband Deployment; Consolidation Services; Emergency Management Communications; Land Mobile Radio; and Forensics/Systems Analysis. Headquartered in State College, PA, MCP also has offices in Harrisburg, PA and Southlake, TX. For more information about MCP visit [www.mcp911.com](http://www.mcp911.com).
