

## Our Commitment to Vendor Neutrality

Partnering with a firm that brings an independent, objective perspective to every engagement is a top priority for the clients we serve. As an advocate for mission-critical agencies, MCP's commitment is to always put the fundamental interests of our clients first.

From our inception, vendor-neutrality is a value that underpins every aspect of what we do. Our goal is to determine the most favorable solution for our clients based on their unique requirements, budget, governance structure, operations and existing technologies. We provide a holistic perspective of the entire emergency response ecosystem, free of bias or favoritism to any specific product or service provider. Our recommendations are always based on the value and the benefit provided to the client.

For clients, this approach means more control and greater visibility into the systems they are ultimately responsible for operating, and a successful project that improves emergency response.
